

## Register of California Certified Botanists

Last updated: 15 March 2019

The names below indicate those individuals that have successfully demonstrated the depth and breadth of knowledge about the California flora and numerous aspects of what is needed to be known by the field and consulting botanist that works in the consulting profession in California. Each of these individuals has passed three examinations to meet the minimum qualifications as a Certified Field Botanist. In addition, those that successfully passed the consulting botanist exam (as well as the three field botanist exams) meet the minimum qualifications as a Certified Consulting Botanist.

While the California Native Plant Society (CNPS), Board of Certification certifies these individuals as qualified to be certified and have agreed to follow minimum professional standards, CNPS does not endorse any individual by providing their contact information.

Name	Certification Type	Certification Number	Expiration Date	Phone Number	Email Address
David L. Magney	Consulting Botanist	CCB #0001	12/31/2021	530/273-1799	david@magney.org, dmagney@cnps.org
